

Bird Reborn

(Twitter/X enhancements)

Dead Bird

Christian Kochanowski, Bryan Moylan, Colin Padwelka

Our Goal

- Enhance the Twitter/X user experience
 - Improve already existing features
 - Create new features
 - Make premium more worthwhile for average user

Potential Feature Ideas

These will be narrowed down on based on feedback

- Verification reasons
- Block reasons
- More global themes
- Profile themes
- A “remove follower” button
- Better content filtering options
- Communities badges

Verification Reasons

- Differentiate between premium and public figures
- Verified descriptions
- Icon that looks different

Block Reasons

- Allows for input when blocking
- Can show reason to blocked user on blockers profile
- Toggleable

More global themes

- Adds more color options beyond light, dark mode
- Seasonal themes for holidays
- Presets for free users
- Premium users get more customization options

Profile themes

- Full profile customization for premium users
 - Images
 - Colors
 - Gradients
 - Fonts
- Toggleable

A "remove follower" button

- Removes user from the users following
- Removed user is not notified
- Can refollow
- Notification of refollow is shown

Better content filtering

- Current filtering
 - Nudity
 - Violence
 - Sensitive Content
- Add more new options within current ones
- Show, Warn, Hide in settings

Community badges

- Icons displaying users communities on profiles
- User can select up to 3 communities
- Clicking badge opens the communities public page
